THE LOGO

CABIN EAST

WOK | STEAM | DRAUGHT

One pint glass holding the three kitchens: a flame under a wok, a steamer with a dumpling, and the foam on top. **CABIN** in burgundy over **EAST** in ink, set so the two lines are the same width. The tagline is always set in mono capitals with real pipes and a space either side.

CLEAR SPACE AND SIZE

Clear space on every side equals **x**, the height of the letters in EAST. **Minimum size** (working guidelines for the designer to confirm): horizontal lockup 40 mm wide in print or 160 px on screen; icon mark 10 mm or 24 px; roundel 22 mm or 64 px. Below that, drop the tagline (the no-tagline lockup is in the kit).

THE TAGLINE

WOK | STEAM | DRAUGHT

- Always capitals, mono, spaced out, a space either side of each pipe.
- The pipes may be brass on ink. On cream they stay the colour of the words.
- Three words, three kitchens: the wok (Indo-Chinese, Thai, Seoul), the steamer (dim sum, bao), the tap (draught).

VOICE

Say it like a signpost.

Short, direct, one fact per line, pointing the guest somewhere. Warm, never snobby, never loud.

Open 12 noon – 11 pm. Closed Monday.
Happy hour 12–6 pm.
Wok. Steam. Draught.

The suggested lines are in the voice; the facts (hours, happy hour) are the owner's and are updated in one place on the board file.

THE DIRECTION BOARD

600 × 900 mm, the A-frame and wall board. Print file: **cabin-east-direction-board-600x900mm.pdf**.

THE PLANK SYSTEM

OPENING HOURS	Ink plank, brass time, cream day line. Times in mono capitals.
HAPPY HOUR	Brass plank with ink text and a burgundy time. The deals sit beside it in mono.
WOK	Burgundy. Chilli, noodles, rice: the wok plates.
STEAM	Cream with an ink outline. Dim sum and bao.
DRAUGHT	Bottle green. Beer on tap and in the bottle.

- **Every plank points east** (to the right), on one ink signpost. Never mirror a plank.
- Planks may sit up to half a degree off level, like hand-hung boards; never more.
- Order from the top: logo, opening hours, happy hour, then Wok, Steam, Draught. Add a plank only when there is a real new direction to give.
- Facts live in one place: edit **HOURS_LINE**, **DAYS_LINE**, **HAPPY_TIME** and **HAPPY_DEALS** at the top of **src/build_board.py**, then rebuild.

CONCEPT EXPLORATIONS (NOT FOR PRINT)

Generated with Google Flow from the vector logo, as raster JPEGs (about 1024 px). Use them to compare ideas; use the vector files in the kit for anything printed or sized up.

RULES

DO

- Keep the glass, flame and wok, steamer and foam together as one mark.
- Keep CABIN and EAST the same width, CABIN above EAST.
- Cream paper by day, ink for night and screens, red for the wok.
- Keep the tagline in mono caps with spaced pipes.
- Point every plank east.
- Leave the clear space (x) around the logo.

DON'T

- No gradients, glows, shadows or outlines on the logo.
- Don't recolour the pint in other colours: red, ink, brass and cream only, or one colour.
- Don't stretch, tilt or redraw the mark.
- No brass or red text on cream below display size.
- No rounded or script lettering beside the wordmark.
- No extra pipes or words in the tagline.

BEFORE YOU PRINT OR BUILD

- [ ] **Name.** "Cabin East" is not trademark-checked. Have an IP advocate search Class 43 (and 30, 32, 33 if you may sell sauces, beer or spirits) before you spend on signage.
- [ ] **Logo.** The vector files are a strong working version built from open fonts. Have a designer finalise the marks.
- [ ] **Signage.** Sizes are suggestions. Measure the frontage, confirm what permissions signage needs (the panchayat, and your deed's consent clause): not verified here.
- [ ] **Hours and happy hour** on the board are as given by the owner: 12 noon – 11 pm, Monday closed, happy hour 4–8 pm at the time; the owner moved it to 12–6 pm on 2026-10-20 and the board and live menu now say 12–6 pm.
- [ ] **Print colour.** Ask the printer for a proof against the swatches; do not trust screen colour.
- [ ] **Music and licences.** Recorded music needs PPL and IPRS (or Novex) licences. Not covered by this kit.
